### **TDI News**

**SERFF (EFT) ELECTRONIC PAYMENT OPTION BEGINNING JULY 1, 2017!**

The Texas Department of Insurance is pleased to announce that it now provides the option of using the Electronic Funds Transfer (EFT) feature in System for Electronic Rate and Form Filing (SERFF) to collect rate and form filing fees effective July 1, 2017. Paying by EFT through SERFF is at the company's option; companies may also continue to file and TDI will invoice using the system already in use. Companies not currently filing through SERFF may wish to consider the efficiencies it provides, such as eliminating printing and mailing costs, and eliminating manual payment and mailing of filing fees. ### HUPAC - You can make a difference

HUPAC is the political action committee of the National Association of Health Underwriters (NAHU). It is the expression of our First Amendment rights to free speech and association guaranteed under the Constitution. Such political expression has become far more than a useful option for professionals in a heavily regulated business like the health insurance industry. It has become a necessity.
